This is a file download of Poverty Affluence Psychological Portrait American. Quest for affluence has left us with poverty of the soul ... The deal our cultural guardians offer is affluence over tradition. It has always been an uneasy tradeoff, but stagnant income and a five-decade reversal of growing life expectancy exposes this Faustian bargain as unraveling. We all know the tough income numbers. Wages and income, except for the ultra-affluent, have been flat for a decade.
